ERIC Clearinghouses 62

P R E F A C E

PURPOSE. This is the fifth volume in NCTE/ERIC's index to English, *ERIC Documents on the Teaching of English*. And it is the last volume in the series. The series has represented the continuing effort of this Clearinghouse to bring together in one place a list of all documents relating to English teaching which have been processed into the ERIC system. Because each ERIC clearinghouse covers a separate area of the educational field (e.g., Linguistics, Junior College, Teacher Education--a complete list can be found on page 62), the documents processed by several clearinghouses are of possible interest to the English teacher. These acquisitions have been announced in so many issues of *Research in Education (RIE)*, *Current Index to Journals in Education (CIJE)*, and other USOE publications that the English teacher does not have any convenient way of finding all the documents in his area of interest. Indexes to *RIE* and *CIJE* are helpful, but the ERIC Clearinghouse on the Teaching of English hoped to meet a demand for greater convenience with a continuing series of indexes tailored to the needs and interests of English teachers. Although the series does provide the single, convenient avenue of access to ERIC English, it is being temporarily discontinued at an appropriate stopping point--the end of 1970.

CONTENTS. The present volume concludes the series by bringing the index through December 1970. The five volumes together index the English-related content of the ERIC file from 1956 through 1970. The following indexes are available:

ERIC Documents on the Teaching of English: 1956-1968 indexes documents from the *Office of Education Research Reports: 1956-1965*, from the *Catalog of Selected Documents on the Disadvantaged*, and from the issues of *RIE* from November 1966 through December 1968. Available from the National Council of Teachers of English, Stock Number 02259--$1.00 prepaid.

ERIC Documents on the Teaching of English: Volume Two--January-June 1969 lists all those ERIC English documents abstracted in *RIE* during the period indicated as well as many documents from the earlier period which were omitted from the first volume because they were not available from the ERIC Document Reproduction Service (EDRS). (NCTE/ERIC decided that a complete index should include citations for all English documents processed--evaluated, indexed, and abstracted--by an ERIC clearinghouse; hence, this volume includes those previously omitted documents and gives availability sources for them.) Available from the National Council of Teachers of English, Stock Number 02268--$0.75 prepaid.

ERIC Documents on the Teaching of English: Volume Three--July-December 1969 completes the index through 1969 by listing not only all those English-related documents abstracted in *RIE* from July through December but all journal articles related to English which were indexed during 1969 in USOE's newest publication, *Current Index to Journals in Education (CIJE)*. Available from the National Council of Teachers of English, Stock Number 02277--$1.25 prepaid.

ERIC Documents on the Teaching of English: Volume Four--January-June 1970 continues to index the content of both *RIE* and *CIJE*, the first six 1970 issues of each. Available from the National Council of Teachers of English, Stock Number 02286--$1.25 prepaid.

ERIC Documents on the Teaching of English: Volume Five--July-December 1970 concludes the series by indexing the last six 1970 issues of both *RIE* and *CIJE*. Available from the National Council of Teachers of English, Stock Number 02311--$1.25 prepaid.

The documents cited were selected by hand and eye from computer-produced abstract collections by the staff of the ERIC Clearinghouse on the Teaching of English, located at the National Council of Teachers of English headquarters. At some future time, it will be possible to search by computer the entire ERIC file to produce up-to-date bibliographies of ERIC documents on selected topics of interest--as well as to update this series of indexes to ERIC English.

CITATIONS. At the end of every citation in brackets is either an ED Number or an EJ Number. The complete text for a document bearing an ED Number can be ordered from EDRS whenever the letters "EDRS" appear after the ED Number. Prices and ordering procedures are explained on page vii. Some documents with ED Numbers are not available from EDRS (although abstracts for them appear in *RIE*); for these documents, the availability source is the publisher or distributor as noted in the citation in lieu of the letters "EDRS."

An EJ Number indicates that the document bearing it is a journal article indexed in *CIJE*. The complete text of a document with an EJ Number is not available through EDRS; the journal in which it appeared must be consulted. The abbreviated name and issue of the appropriate journal is given in the citation; abbreviations are explained on pages viii and ix.

FINDING AIDS. This bibliography numbers all citations and employs two principal finding aids: a classification system based on a taxonomy devised by an ad hoc committee of NCTE bibliographers, and an author index. In addition, there is a "Finding List for ERIC Documents" (see below) which cross-references ED Numbers and EJ Numbers to the issues of *RIE* or *CIJE* in which more information about a particular title may be found. Documents with ED Numbers, for example, are amply described by abstract in the appropriate issues of *RIE*; many documents with EJ Numbers are annotated in issues of *CIJE*.

Because this index is neither narrowly specialized nor comprehensive of all extant English-related books, articles, and research reports, it is particularly useful for the kind of browsing that would answer the question: What can be identified through the ERIC system on the subject of teaching English?

FINDING LIST FOR ERIC DOCUMENTS

The source for a document listed in this index is cited either in *Research in Education (RIE)* or in *Current Index to Journals in Education (CIJE)*. Documents bearing ED Numbers are from *RIE;* with EJ Numbers, *CIJE*. Either of these publications contains additional information about the content of a particular document. An abstract of any document bearing an ED Number can be found in the issue of *RIE* to which this list cross-references it. Documents bearing EJ Numbers are not abstracted; however, annotations (or descriptors denoting the various concepts treated in a journal article) can be located under the article's citation in the issue of *CIJE* to which this list cross-references it.

ORDERING INFORMATION

GENERAL. All of the ED-Numbered documents cited in this bibliography are available from at least one of four sources as indicated in the individual citations: (1) "EDRS" in the citation means that the document is available from the ERIC Document Reproduction Service; (2) "UMF," from University Microfilms; (3) "NCTE," from the Order Department of the National Council of Teachers of English; (4) "publisher," from the commercial publisher named in the citation and at the price indicated. To order a document from any of the first three sources, follow the procedures outlined below.

ORDERING FROM EDRS

If a document is available from the ERIC Document Reproduction Service, the notation "EDRS" appears in brackets in the citation. The complete text of any document available from EDRS can be ordered in either of two forms of reproduction: microfiche (4" x 6" microfilm cards each displaying up to sixty pages of the text) or hard copy (a Xerox copy of the document the same size as the original). A microfiche reproduction costs 65¢ per title, regardless of the number of microfiche needed to reproduce the entire text. Hard copy (Xerox) reproduction prices are based on a charge of $3.29 for every 100 pages in the document. Pagination for each document is noted at the end of each citation, so the price of a hard copy reproduction can be determined by using the following scale:

Pages	Price
1-100	$3.29
101-200	6.58
201-300	9.87
301-400	13.16

Each additional 100-page increment: $3.29

NOTE: This price schedule reflects a price change that became effective March 1, 1971. The price change is retroactive and affects all documents available from EDRS--including the documents cited in the previous four volumes of ERIC Documents on the Teaching of English.

If the document is available only in microfiche reproduction, a note to that effect appears in brackets in the citation. Other aspects of the EDRS ordering procedure are given below:

Address Orders To:	ERIC Document Reproduction Service (EDRS) P. O. Drawer O Bethesda, Maryland 20014
Orders Must Specify:	ED Number of Document Kind of Reproduction Desired ("MF," microfiche, or "HC," hard copy) Number of Copies
Method of Payment:	Payment must accompany orders under $10. No stamps or COD.
Sales Tax:	Add sales tax as applicable in your state, or submit tax exemption certificate.
Book Rate:	Book Rate or Library Rate postage is included in the EDRS price schedule. The difference between Book Rate or Library Rate and first class or foreign postage (outside continental United States) rate will be billed at cost.
Deliveries:	Allow 5 working days for microfiche orders, 10 for hard copy, plus mailing time both ways.

ORDERING FROM UMF
